Route: From all day parking

Route: From Sutherland Train station

If driving, all-day street parking is available in both Clio Street and Belmont Street.
If arriving by train, turn right from the platform at the top of the stairs coming out of the station.
Both routes will take 5-10 minutes to walk to the Micronet office.

Short term street parking is also available across the road and around the corner from the Micronet office, however parking time is limited to two hours. Parking wardens are vigilant in the area so this is not recommended for customers attending training sessions and workshops.
